MEMORANDUM FOR: Director of Central Intelligence

VIA: Deputy Director of Central Intelligence

FROM:  Director, Intelligence Community Staff

25X1

SUBJECT: Intelligence Community Planning Through 1990 (U)

1. Action Requested. That you sign the attached memorandum to the Secretary of State, the Secretary of Defense, the Assistant to the President for National Security Affairs, and the Director, Office of Management and Budget, inviting each to send a representative to serve with John McMahon on the Executive Steering Group for the Community's next step in the long-term planning process. The membership of the Executive Steering Group is the same as that convened for the 1985 Intelligence Capabilities Study. (U)

2. Background. In your 1981 Annual Report to Congress you noted that the 1985 Capabilities Study did not represent a single planning episode for the Intelligence Community, but rather a continuing process that will proceed on a regular basis. The attached memorandum, to which is appended an overall terms of reference for the next step in the Community strategic planning process, inaugurates the next phase of this undertaking. The approach outlined in the terms of reference has been discussed informally within the IC Staff, with key Community Program Managers or their representatives, within DoD, and with senior NSC staff members. It has received enthusiastic approval for the most part. (C)

We intend to follow this memorandum with an invitation from John McMahon to Community elements soliciting representatives to the Community Working Group which will actually pull together the long-range plan. The Working Group will be chaired by  the Director of the IC Staff's Office of Planning. (U)
